Army Ordnance Still Making Tanks That Troops in Korea Won't Accept for Combat

Local Group to Attend State PTA Meeting

Every school district in Arkansas is expected to be represented at the Arkansas Congress of Parents and Teachers meeting at the Little duty by army field forces Rock High School auditorium on Wednesday, March 5 at 10:30 a.m.

The purpose of the state wide meeting is to provide help and guidance to local PTA units in Ar cansas to determine the school's

will be the first of a scries of workshops planned to discover and determine the needs of the various school districts. The Arkansas and

Local PTA units through their presidents are organizing their membership, school board members, administrators businessmen, parents and any citizens sufficiently interested in education to give day of their time to attend the Little Rock meeting next Wednes-

Mrs. Jim McKenzie, Hope Council president, requests that interested citizens contact her at phone 7-2422 at once. This will aid greatly in providing arrangements for attending the Little Rock meeting.

Administration Sees End in Korea by June

spending, is assuming the fighting in Korea will end by June 30 this to year and that this country will not send the UMT measure back to be involved in war for at least a

Sen. Taft (R-Ohio) brought this out in questioning Budget Director congress- Frederick J. Lawton at a closed hearing of the Senate-House Economic Committee Jan. 23. The testimony was made public yester-

> Lawton said spending estimates for fiscal 1953 — which starts next July 1 — were based on peacetime attrition rates for forces

"For the purpose," Taft asked "you are assuming the Korean war will be over for fiscal 1953?" "Yes, in effect," Lawton replied.
"And that there won't be any

Federal Gambling Stamp Issued to Hope Man

by the Little Rock office of the Bureau of Internal Revenue, four go-ing to Hot Springs residents and ships making up the assembled one to a Hope man.

The new stamps brought to 59 tax went into effect November 1. Robert E. Carroll of the Diamond

Detroit, Feb. 27 (UP) — An Army ordnance plant was making tanks today that troops in Korea won't account for the control of th won't accept for combat because of "bugs" in the turret and fire control system

rumbling off the assembly lines in sizeable quantity, even though tion. they have not been approved for

Col William Call, chief of velopment and engineering at the Georgia Democrats who will urge arsenal, said the problem tanks were stored in ordnance depots Call cald defects had turned up

in the M-47, which he described "very much a fighting tank," The March 5 kick-off meeting because ordnance researchers had "starved" for funds until the Korean emergency

"If we had had enough money after World War II, these problocal PTA organizations are plan- lems could have been licked be- to defeat President Truman fore the tanks ever went into production," Call said

The Army also has had similar turret control trouble with its new T-41 light tank, now being pro duced by the Cadiliac division General Motors at Cleveland

Even with its "bugs". Call said the M-47 "stacks up favorably against anything we know the Russians are making." The M-47 is a revised edition of

the M-46, now in Korea but no longer in production. "It's no secret that in peaceime we in ordnance have to put

up with a severe austerity program," Call told newsmen touring ordnance plants. "Why. the years after the last wat only got a little more than \$3,000,a year for our entire combat vehicle research job."

He said an automobile company 'spends that much each year for

Call said his department now has a "very ample" supply of money to conduct intensive research programs. He estimated the Russell have filed for delegates in department needed \$20,000,000 a year to conduct a continuing development plan for tanks and oth er vehicles.

Hot Springs Station to Be Moved to LR

Washington, Feb. 27 (4) - Final authority for radio station KTHS

of Hot Springs, Ark., to move to

Little Rock with increased power has been granted by the Federal Communications Commission.

The action yesterday affirmed recommendations of a trial exam-

iner last December.

KTHS operated by Radio Broadcasting, Inc., was authorized to
continue on its present operating
assignment of 1000 kilocycles, 10
kilowatts daytime, one kilowatt at
night, pending the move. When the
station moves to Little Rock, it
will operate on the kilowatts assume

. JAYNE'S PW tablets . (You may have them and not know it)

Fidgeting, nose-picking and a tor-menting rectal itch are often tell-tale signs of Pin-Worms...ugly parasites that medical experts say infest one out of every three per-sons examined. Entire families

may be victims and not know it.

To get rid of Pin-Worms, these pests must not only he killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do ... and here's how they do it:

First—a scientific conting carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this

Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggiat for genuine Jayne's P-W Vermituge... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedics for over 100 years.

How to get what you want and need in a truck

the best we've ever used!"

driveways, in small yards and other tight spots. We need trucks that are real easy to handle, so we switched to Dodge. They'll turn on a dime!

Suppose that you need a 11/2- or 2-ton truck. Naturally, you'll want one that costs less to run. You'll want one that's engineered to last for years and years. Above all, you'll want a truck that fits your job to a "T"

That calls for a truck in which every unit that moves the load is engineered to meet the most severe operating conditions—one in which every unit that supports the load is engineered to provide the strength and capacity needed. What's more, both load-moving and load-supporting units must be engineered to work together.

The way to get such a truck is to see us about a Dodge "Job-Rated" truck—one that's factory-engineered to your kind of work! Yes...when it comes to your hauling job, you'll

find everything you want and need in a Dodge "Job-Rated" truck!

Power with economy. The big high-compression engine of a Dodge "Job-Rated" 134- or 2-ton truck operates with outstanding economy. You get chrome plant of the property of the chrome plated top piston rings, and exhaust valve seat inserts.

and hinged center sections on stake bodies make loading easier. 5-speed transmission available on most models for more power, speed.

and steering ease is made possible by wide front tread and short wheelbase Thanks to shorter turning diameters you can turn sharper either right or left—back into tight places easier.

See us today for the best buy in low-cost transportation

DODGE JARAM T
